

Event Program

MORNING

08:30

Delegate Registration and Networking

09:00

Opening Address

Fernando Mendes, EPBS President

09:15

Plenary Lecture: Challenges for
European E-Health

Tapina Piha, Finland

09:45

BioTriCK: Blended Collaborations on
Education

Gry Sjøholt, Norway

10:45

Refreshment Break

11:15

Digital Haematology

Speaker to be confirmed

11:45

Digital Pathology- Transforming Cancer
Care

Fernando Schmitt, Portugal

12:15

Artificial Intelligence and Bioinformatics
in the Clinical Laboratory

Cathal O'Brien, Ireland

12:45

Lunch Break

AFTERNOON

14.00 - 16.00

Parallel Workshop Sessions

Session A

Games and Simulations for Learning

Session B

Blended Learning in Biomedical
Laboratory Science

Session C

Design Thinking For Innovating
Education

16.00

Refreshment Break

16.30

Digital Tools in the Delivery of BMS Training
Elisabeth Ersvær, Norway

17.00

Conference Closing Address

Fernando Mendes, EPBS President

BioTriCK

*BioTriCK is funded by the EU
Erasmus+ Programme:
(no. 2020-1-NO01-KA203-076490)*

*This project focuses on collaborative work
within the Biomedical Sciences triangle-
Students, Clinical Supervisors and Professors.
Our aim is to improve the quality of
biomedical laboratory scientist (BLS)
education as well as enhancing the BLS
community, establishing practice networks
and a web portal with digital tools for
learning via the BLS Academy.*
